Centre for Ecofeminine Excellence

Eco-Friendly Campus

Report (2023-2024)

Campus Cleaning Drive

Campus cleaning drive was organized by the Centre for Ecofeminine excellence on September 4, 2023. The students of the club cleaned the campus. They removed the plastic wastes strewn around the college canteen. They also collected empty plastic bottles found in the canteen area and removed. They collected the wastes and segregated them as biodegradable and non-biodegradable wastes. They also interacted with the canteen people and discussed about the efforts to be taken to keep the canteen clean. Mr. Kennedy, the Canteen manager advised the students and emphasized their responsibility to keep the campus clean

On 21th September 2023, the Centre for Eco-feminine Excellence organises an Awareness Programme on “Thoothukudi Ecosystem” in Fathima Hall, St.Mary’s College (Autonomous), Thoothukudi at 1:05 pm to 2:00 pm. Dr. N. Arokiya Mary, Director and Dr. P. Banumathi, Assistant Director of the Centre for Eco-feminine Excellence with the other faculties of Eco Friendly campus, Clean campus, Green campus and Health & Hygiene organises this awareness programme. D. Christopher, Director of Inspire Techno Park LLP & Coordinator of We Can and V. Ariganesan, Sanitary Officer of Thoothukudi Corporation were the resource persons. The students were given an awareness about the environmental issues concerned with irresponsible waste disposal. The resource persons explained about

the waste disposal system followed in the municipal Corporation of Thoothukudi. About 50 student members from the Centre for Ecofeminine Excellence participated in the program.

Invited lecture on Sustainable Wildlife Management

The Centre for Eco-Feminine Excellence of our college organized an invited lecture on Sustainable Wildlife Management, in commemoration of Wildlife Week in the Zoology Virtual Laboratory for the member of Centre for Eco-Feminine Excellence on 25th September, 2023. Dr. K. Bhanumathi, Head and Associate Professor of Zoology, Kamaraj College, Thoothukudi was the resource person. She started the session with a small mind game to engage the students in the invited talk. The session was started by asking simple questions to the students about the difference between the domestic and wildlife. Then, she spoke about what were the causes for depletion of wildlife and how to conserve them by making changes in our daily life style. The session was very interesting and interactive. At the end of the session three members of the Eco Feminine Excellence shared their concern about the wildlife conservation through poetry. The number of beneficiaries is 75.
