

**IN-HOUSE TRAINING ORGANIZED UNDER STAR COLLEGE SCHEME
2019-2024**

In- House Training on “Clinical Laboratory Technology” was organised by the Department of Zoology from 13th to 17th December 2021

In- House Training on “Soil Analysis using Mini Soil Lab” was organised by the Department of Chemistry from 14th to 15th December 2021

In- House Training on “Clinical analysis of blood samples using Semi Auto Analyser” was organised by the Department of Chemistry from 14th to 17th December 2021

In- House Training on “Digitalization of Campus Flora” was organised by the Department of Botany from 14th to 18th December 2021

In- House Training on “Horticultural Techniques” was organised by the Department of Botany from 14th to 18th December 2021

In- House Training on “Extraction and Analysis of Oil using Oil extractor and Clevenger Apparatus” was organised by the Department of Botany from 14th to 18th December 2021

In- House Training on “Histological Techniques” was organised by the Department of Botany from 14th to 18th December 2021

In- House Training on “Metal Analysis” was organised by the Department of Botany from 14th to 18th December 2021

In- House Training on “Isolation and Separation of DNA” was organised by the Department of Zoology from 14th to 18th December 2021

In- House Training on “Basic Skills in Biological Sciences” was organised by the Department of Botany from 19th to 22nd December 2022

In- House Training on “Micro techniques” was organised by the Department of Botany from 19th to 20th December 2022

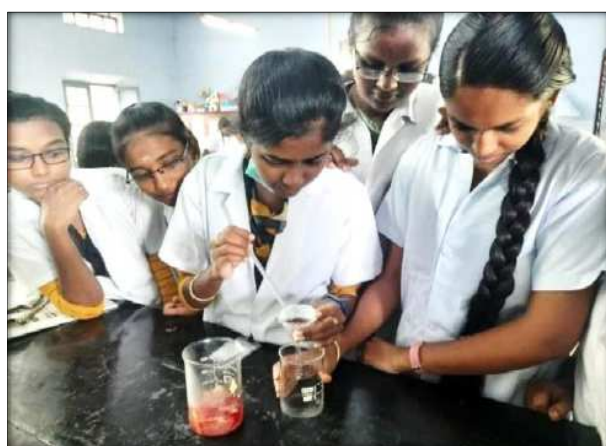

In- House Training on “Determination of BOD, COD and Soil quality Parameters” was organised by the Department of Chemistry on 19th December 2022

In- House Training on “Organic Farming” was organised by the Department of Botany from 19th to 21st December 2022

In- House Training on “Physics Practicals” was organised by the Department of Physics from 19th to 22nd December 2022

In- House Training on “Preparation of Nanoparticles” was organised by the Department of Chemistry on 20th December 2022

In- House Training on “Biotechnology experiments” was organised by the Department of Zoology from 19th to 21st December 2022

In- House Training on “Molecular Biology and Bioinformatics” was organised by the Department of Botany from 20th to 22nd December 2022

In- House Training on “Taxonomy of Angiosperms and Herbarium Techniques” was organised by the Department of Botany on 21st December 2022

In- House Training on “Preparation of Household articles” was organised by the Department of Chemistry on 21st December 2022

In- House Training on “Argentometric Titration” was organised by the Department of Chemistry 21st December 2022

In- House Training on “Measure the Diameter of the Cell” was organised by the Department of Zoology on 21st December 2022

In- House Training on “Food Processing Technology” was organised by the Department of Chemistry from 21st to 22nd December 2022

In- House Training on “Clinical Laboratory Technology” was organised by the Department of Zoology 22nd December 2022

In- House Training on “Conductometric Titration” was organised by the Department of Chemistry on 22nd December 2022

In- House Training on “Chromatographic Techniques” was organised by the Department of Chemistry on 22nd December 2022

In- House Training on “Millet-based Tiffin Recipes” was organised by the Department of Botany on 28th July 2023

In- House Training on “Unveiling the Economic Potential of Molluscs: From Tide to Trade” was organised by the Department of Zoology on 27th August 2024
