OF
HUMAN RESOURCE
MANAGEMENT
2022-2023**

HOD'S MESSAGE

It is with great pride that I reflect on the remarkable progress and achievements of our Master of Human Resource Management (MHRM) program. Our department has worked tirelessly to ensure that our students are equipped with the knowledge, skills, and professional values required to thrive in today's competitive business environment.

A key feature of our program is the introduction of a ****Professional Uniform Code****. This initiative underscores the importance of professionalism in the workplace, preparing our students to present themselves with confidence and discipline. The uniform code helps foster a culture of respect, responsibility, and readiness for corporate challenges, ensuring our graduates are poised for success.

Additionally, we have made significant strides in providing ****technical assistance through smartphones****. With the increasing integration of technology in education, this initiative has allowed our students to access learning resources, research tools, and academic support in real time, enhancing the flexibility and accessibility of their studies. This technological support aligns with our commitment to research excellence, enabling students to engage in cutting-edge HR research and stay ahead of industry trends.

Our program also places a strong emphasis on ****management activities****. We regularly organize workshops, seminars, and team-based projects that offer students hands-on experience in key HR functions, from recruitment and training to conflict resolution and performance management. These activities are designed to hone their strategic thinking, leadership skills, and decision-making abilities.

Above all, our program's focus on developing ****Human Resource Management skills**** ensures that students are not only versed in theoretical knowledge but also equipped with practical expertise. From understanding organizational behavior to mastering employee engagement strategies, we are committed to producing HR professionals who can effectively manage and lead in today's fast-evolving corporate landscape.

As the Head of Department, I am deeply proud of the strides we have made in enhancing the quality of our MHRM program. We remain committed to providing a holistic, forward-thinking education that prepares our students to be tomorrow's leaders in human resources.

Dr. Mary Judith Reene Fernando,
Coordinator of MHRM and Assistant Professor of Commerce

Assistant Professor of MHRM

MENTOR MENTEE SYSTEM

The system is designed to support and foster the holistic development of each student within the department. Each teacher is responsible for a group of 10 to 15 students, overseeing their academic progress and overall well-being. A key component of this approach is the Tutor-Ward Meeting, held every Friday from 2:30 p.m. to 4:00 p.m., where the teacher focuses on addressing the psychological needs of the students. During these sessions, the teacher maintains detailed records of each student's academic performance and personal data. Throughout the semester, students meet with their mentor a total of seven times in the odd semester and seven times in the even semester to ensure consistent support and guidance.
