Academic Year 2020-2021

HOD's Message

Dear Faculty, Students, and Valued Patrons,

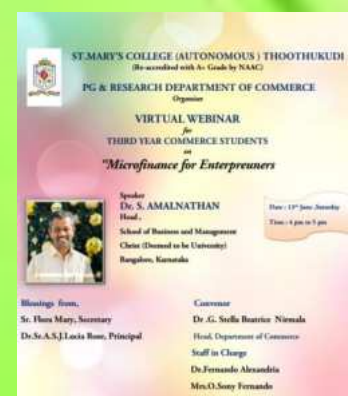

Reflecting on this academic year, I am filled with pride and gratitude. Our department has exemplified growth, collaboration, and resilience, excelling in all our goals amidst an evolving academic landscape. Through enriching lectures, industrial visits, community initiatives, and a landmark international conference, we have deepened the collective knowledge and experience of our community. Our dedicated faculty continue to guide students, instilling the skills needed to excel in a complex global arena. Our students, with their passion for learning and service, embody the values of our department. Looking ahead, we aim to elevate these achievements by launching pioneering programs, strengthening industry alliances, and fostering a culture of intellectual curiosity, ethical leadership, and integrity. Thank you all for your continued dedication. Together, let's make the coming year even more remarkable.

With sincere regards,

Dr. G. Stella Beatrice Nirmala
Head and Associate Professor of Commerce

BRIDGE COURSE

The Bridge Course is designed and offered by the Department of English to help all the first year students transition into university-level education by improving their language skills. It focuses on reinforcing foundational English language knowledge, enhancing communication abilities, and preparing students for academic work in higher education. Our I UG Students of about 74 participated and enriched in the informative session.

MENTOR MENTEE SYSTEM

The **Student Support and Progression** system is designed to foster the holistic development of students by focusing not only on their academic progress but also on their emotional and psychological well-being. In this system, each teacher is assigned 20-25 students, ensuring personalized attention to their academic and personal needs. The teacher, acting as a mentor, meets with each student regularly during **Tutor-Ward Meetings** held every Friday from **2:30 p.m. to 4:00 p.m.** These meetings provide a platform for students to discuss academic concerns, mental health, and any other issues they may be facing. A detailed record of each student's academic results and bio-data is maintained to track their progress throughout the semester. Due to lock down and social distancing, traditional mentor-mentee interactions were disrupted in the odd semester, as physical meetings were no longer feasible. The mentor-mentee relationship is nurtured over the course of the academic year with **three in the even semester through virtual mode**. This consistent support system ensures that students not only excel in their studies but also feel emotionally supported and guided in their overall growth. By addressing both academic and psychological needs, the system helps students build confidence, improve their performance, and develop skills necessary for personal and professional success.
