

Patent

Name of the staff/ scholar	Department	Applied for	Title of the patent
Dr. T.P. Kumari Pushpa rani	Microbiology	Date of filing: 19/03/2022 Publication date: 08/04/2022	Innovative recovery of value-added products from human urine
Dr. T.P. Kumari Pushpa rani	Microbiology	Date of filing: 23/12/2021 Publication date: 04/02/2022	A process for the preparation of a novel chemically modified regenerated cellulose and fibrin biocomposite incorporated with silver nanoparticles
Dr. C. Zozimus Divya Lobo	Chemistry	Government of Patent Office, New Delhi	Chemical Structure based Smart Investigation of Adverse Drug Reactions
Dr. S. Sowmiyayani	PG Department of Computer Science (SSC)	Government of India	IoT Based New Device for Dairy Cow Body Condition Scoring System
Dr. G. Amala Jothi Grace	Chemistry	30th August 2019, Issue No. 35/2019 Application No.201941032622 A	Synthesis of value-added materials by biogenic route from industrial pollutants
