

- **Report**

The inservice training for the school teachers sponsored by the DBT star scheme commenced with a prayer and a welcome address by Dr. Sr. Jessie, Head of the department of Physics. Around 25 Physics teachers enthusiastically participated. Hands on training on the following topics were given to the teachers.

- Stoke's method
- Spectrometer
- Sonometer
- Young's Modulus
- Logic Gates
- Demorgan's Theorem
- Zener Diode Characteristics

The session was interesting and it provided a good knowledge experience on practical Physics. The queries were effectively clarified by the faculty of the department of Physics.
