Hands-on Training on Sericulture

‘A Hands-on training on Sericulture’ and Inaugural Function of the Mulberry Sericulture Unit was organized by the Marian Research Forum in collaboration with PG and Research Department of Zoology and Institution's Innovation Council, St. Mary's College (Autonomous), Thoothukudi on 19.03.2021 in the Star Hall. Dr. Noble Morrison, Retired Scientist D, Research Extension Centre, Central Silk Board, Kolar, Karnataka was the chief guest for the inaugural function and the resource person for the training. In this training session, the resource person highlighted the need for establishing sericulture units in India. He gave a clear idea about the types of silk worm and the techniques of rearing silk worm. The training was followed by planting of Mulberry saplings in the college ground. 110 undergraduate and postgraduate students from the Department of Zoology were benefitted through this training session.
