PG & Research Department of Commerce

Community Development Programme 2025-2026

- Singing competitions was conducted in observance with the Vigilant Week on 16.10.2025. The event brought together young talents who use music as a powerful medium to convey anti-corruption messages. Students from ten departments participated in the competition and prizes were distributed on the basis of lyrics of their own composition. The first prize was backed up by the Department of BBA, second prize by Department of Zoology and third prize by Department of Commerce.
- The Students from the Department of Commerce along with the staff in charge conducted a survey in their adopted village Therespuram to find out the needs and requirements of the adopted area. A total of 69 students visited 10 houses each and prepared consolidated report on the analysis conducted.
- The students from the department of commerce along with the staff in charge organised a Saplings Planting campaign and Environmental Awareness Initiative on 13th September 2025. The objective of this campaign is to promote greenery, raise awareness about climate change and foster community involvement in environmental conservation. The students engaged themselves in planting saplings and explaining the needs of environment promoting sustainable livelihoods.
